

High-performance mineral oil LFC 1320

ELKALUB EP-high-performance lubricating oils based upon mineral oil are ready-for-use lubricants with special ELKALUB additivation. They offer high protection against wear and corrosion and an excellent load carrying ability. Special inhibitors against ageing assure a long service life and safe operation. They should be used according to the viscosity prescriptions of the machine manufacturers. All oils of the ELKALUB LFC 1000 group are exempt from PCB and chlorine products and can be disposed of as normal used oils.
